FROM THE OFFICE OF THE SPEAKER

The true mark of quality representation lies not just in vision but in the unstoppable determination to bring that vision to life. It is the calibre of leadership that distinguishes mere politicians from statesmen, the latter being driven by a profound commitment to the welfare of their people and the relentless pursuit of progress. His Excellency, Rt. Hon. Benjamin Okezie Kalu, the Deputy Speaker of the 10th House of Representatives, embodies this rare blend of visionary foresight and resolute action, exemplifying what it means to serve with distinction.

Since our inauguration on June 13, 2023, Deputy Speaker Kalu, a two-time representative of Bende Federal Constituency, has hit the ground running, fulfilling his mandate with exceptional vigour. His leadership has not only consolidated his previous achievements but has also set new benchmarks in legislative excellence and constituency service.

Working closely with Deputy Speaker Kalu has been an enriching experience. Our collaboration has been marked by a shared commitment to legislative excellence and a collective focus on addressing the pressing issues facing our country. Together, we have navigated complex challenges, striving to enact laws that promote social justice, economic development, and national security, among others.

Deputy Speaker Kalu's contributions have been instrumental in our joint efforts to advance the legislative agenda of the People's House. His strategic insight and proactive approach have been critical in driving key initiatives, including sectoral debates and stakeholder engagements that ensure transparency and accountability in governance. His leadership has been pivotal in the ongoing review and amendment of the 1999 Constitution, a task of immense national importance that he is approaching with diligence and a deep sense of responsibility.

In terms of legislative contributions, he has sponsored about 100 pivotal bills over the past year. Notable among these are the South East Development Commission (SEDC) Bill and the State Police Bill, which aim to tackle long-standing regional and national challenges. Deputy Speaker Kalu's commitment to peace and security transcends legislative measures. The Peace In South East Project (PISE-P), launched in December 2023, seeks non-kinetic solutions to the region's security challenges. His establishment of a Peace Fund Committee and an initial donation of N10 million exemplify his proactive approach to supporting victims of insecurity and fostering lasting peace.

Furthermore, Rt. Hon. Kalu's unwavering dedication to his constituents is evident in his numerous developmental projects over the past year. These include the construction of vital roads such as Amokwe-Akanu Item Road, Agboakoli Ancient Road in Alayi, and several others. He has also spearheaded the establishment of processing mills in Uzuakoli and Nkpa, the construction of classrooms at Igboji Secondary Commercial School in Alayi, and various empowerment programs for the disabled, widows, pensioners, and underserved citizens.

In conclusion, this report encapsulates the impact of Deputy Speaker Benjamin Kalu's first year in office. His legislative acumen, strategic vision, and heartfelt dedication to his constituents and the nation at large stand as a witness to his exemplary service. As you read, you will discover a leader who not only understands the needs of his constituents but also possesses the drive and capability to meet those needs. It is my hope that this account will inspire others to pursue excellence in governance and contribute to the continued progress of our nation.

ADVANCING STATE POLICE LEGISLATION

On February 26, 2024, a landmark bill aimed at altering the Constitution to provide for the establishment of State Police successfully passed its second reading. Sponsored by Deputy Speaker Hon. Kalu and his colleagues, this bill represents a critical step towards empowering states to address their unique security concerns. The proposed legislation seeks to shift policing authority from the Exclusive to the Concurrent Legislative List, granting states the autonomy to manage and control their police forces.

Hon. Kalu emphasized the urgency of this reform, stating, “Given recent security challenges, establishing State Police has become not just necessary but urgent to empower states in addressing local issues.” The bill outlines a robust framework for coordination, accountability, and uniform standards between Federal and State Police, with safeguards to prevent undue Federal interference. It also proposes the creation of distinct State Police Service Commissions, clearly defining their roles and jurisdictions.

“Given recent security challenges, establishing State Police has become not just necessary but urgent to empower states in addressing local issues.”

INAUGURATION OF THE CONSTITUTION REVIEW COMMITTEE

February 26, 2024, also marked the inauguration of the House of Representatives Committee on the Review of the Constitution of the Federal Republic of Nigeria, 1999 (as amended), and Citizens' Engagement. Deputy Speaker Kalu, in his capacity as Chairman, underscored the significance of this event, highlighting the Constitution as the fulcrum of Nigeria's democracy and a testament to the nation's collective aspirations for an inclusive, equitable, and prosperous society.

"The Constitution has undergone five significant alterations since the inception of the Fourth Republic, each strengthening our democratic institutions. This sixth amendment by the 10th House of Representatives aims to deliver a comprehensive review, focusing on national development areas such as the devolution of powers, including

PROMOTING WOMEN'S RIGHTS AND REPRESENTATION

A key component of his leadership in the constitutional review process is his focus on women's rights and representation. Recognizing the persistent gender disparities in Nigerian politics and society, Kalu has advocated for revisiting previously rejected bills aimed at improving female representation and addressing other women's issues.

"Promoting gender equity is not just a matter of fairness but a critical factor in achieving sustainable development. We must ensure that women have equal opportunities to participate in the political process and hold

leadership positions," Kalu stated.

Under the Deputy Speaker's guidance, the Committee is working to introduce constitutional amendments that guarantee greater representation of women in both elective and appointive positions. This includes implementing quotas to ensure a minimum level of female participation in governance and addressing legislative barriers that hinder women's political involvement.

CALL FOR PUBLIC PARTICIPATION

On February 29, 2024, the Committee on Constitution Review issued a call for memoranda, inviting governmental bodies, civil society organizations, and the general public to submit suggestions for further constitutional alterations. This call for public participation underscores Kalu's commitment to the principles of dialogue, advocacy, participation, unity, and inclusivity throughout the review process.

“We strive to deliver a comprehensive review that reflects the yearnings of all Nigerians in record time,” Hon. Kalu stated.

CHAIRMAN, COMMITTEE OF THE WHOLE

The role of the Deputy Speaker in Nigeria's House of Representatives is multifaceted, with responsibilities that extend beyond presiding over legislative sessions. One of the key roles held by Deputy Speaker Benjamin Okezie Kalu is serving as the Chairman of the Committee of the Whole. This critical position involves overseeing the entire membership of the House of Representatives when it functions as a committee, a process that is pivotal for thorough legislative review and debate.

Notably, many of these bills have received presidential assent, becoming integral parts of Nigeria's legal framework.

Among the impactful bills he sponsored during his first term are the Federal College of Education Bende (Establishment, etc.) Bill 2020, the Industrial Development (Income Tax Relief) Act (Amendment) Bill, the Counterfeit Currency (Special Provisions) Act (Amendment) Bill 2020, and the Nigerian Meteorological Agency Act (Amendment) Bill, 2019, among others. THE PEACE IN SOUTH EAST PROJECT

Historically, the South East has been one of Nigeria's safest and most prosperous regions, known for its vibrant commerce, innovative spirit, and cultural contributions. However, recent years have seen a decline in security and economic stability due to various factors, including polit-

ical tensions, economic hardships, among other things.

The Southeast region of Nigeria, once a vibrant hub of economic and social activities, has faced significant challenges due to a prolonged security crisis. This instability has severely disrupted the region's economic and social fabric, necessitating urgent and comprehensive measures to restore peace and foster sustainable development. In response to this critical need, a new initiative, the Peace in South East Project (PISE-P), has emerged with a mission to rebuild and rejuvenate the region.

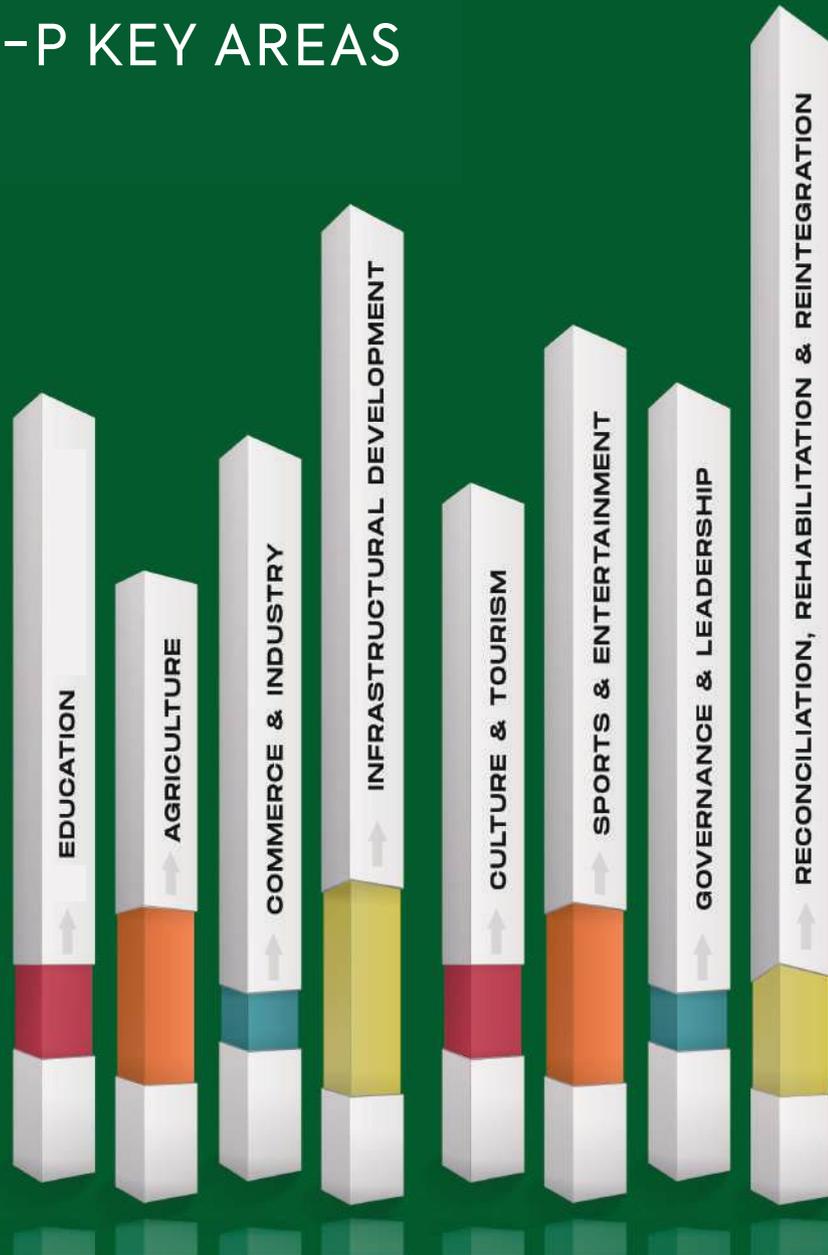

The Peace in the South East Project (PISE-P) is an ambitious initiative spearheaded by Honourable Benjamin Okezie Kalu, Deputy Speaker of the House of Representatives. This project aims to address the multifaceted security challenges in Nigeria's South East region through a comprehensive non-kinetic approach. Launched on December 29, 2023, in Bende

Prominent Igbo leaders like Chief Mike Ahamba and Mazi Sam Ohuabunwa have also commended the initiative. Chief Ahamba urged the community to give PISE-P a chance to succeed, while Mazi Ohuabunwa described it as a timely and divine intervention for the Southeast.

Local Government Area, Abia State, PISE-P represents a significant shift from traditional military strategies to community-driven peacebuilding efforts. The project's unveiling was a landmark event attended by the Vice President of Nigeria, Kashim Shettima, governors from the five South-East states, traditional rulers, opinion leaders, and captains of industry, underscoring the broad-based support and collective commitment to fostering peace and development in the region.

PISE-P KEY AREAS

VISION AND OBJECTIVES

PISE-P is founded on the principle that violence and military force alone cannot resolve the deep-rooted issues plaguing the South East. Instead, it advocates for dialogue, community engagement, and socio-economic development as more sustainable solutions. The project's vision is to create a peaceful, secure, and prosperous South East by addressing underlying causes of unrest, such as economic deprivation, political disenfranchisement, and social marginalization.

The project's foundation rests on a non-kinetic approach, focusing on eight key areas:

1. Education
2. Agriculture
3. Commerce and industry
4. Infrastructural development
5. Culture and tourism
6. Sports and entertainment
7. Governance and leadership
8. Reconciliation, Rehabilitation and reintegration

The project's vision is to create a peaceful, secure, and prosperous South East by addressing underlying causes of unrest.

LAUNCH EVENT AND COMMUNITY INVOLVEMENT

The launch of PISE-P was a significant event that coincided with a homecoming reception for Deputy Speaker Benjamin Kalu. The event celebrated Hon. Kalu's unswerving commitment to public service and his outstanding contributions to the South East region. It also highlighted the project's collaborative nature, bringing together various stakeholders from government, traditional institutions, and the private sector.

ADVOCACY FOR NNAMDI KANU'S RELEASE

A crucial aspect of PISE-P's strategy is its advocacy for the release of Nnamdi Kanu, the leader of the Indigenous People of Biafra (IPOB). Recognizing that Kanu's detention has been a major source of unrest, PISE-P is committed to pursuing

his release through peaceful and legal means. The project acknowledges that the use of violence, threats, and fear has not been effective in securing Kanu's release. Instead, it calls for continued dialogue and peaceful efforts to achieve this goal.

PISE-P expressed joy at IPOB's recognition of its efforts, viewing it as a positive step towards meaningful conversation and collaboration. The project reiterated its stance that peace and economic stability in the South East are paramount and urged all parties to maintain the peace observed during the recent holiday season.

Sunday's deliberation on the humanitarian crisis in Gaza showed us what parliamentary diplomacy should not be. We failed to reach a consensus, missing a crucial opportunity for collective action.

It is a cause for concern that the plight of Africa, where thousands of lives are lost to ongoing conflicts, has yet to be addressed as an emergency item.

It is in this regard that IPU must as a matter of utmost imperative create a task force for Sudan. The unchecked crises in Sudan, Somalia, and D.R. Congo, all in Africa, create a ripple effect of instability across the continent, breeding conditions for extremism, mass displacement, and a drain on resources that could be used for development.

AMOKWE-AKANU ITEM ROAD

The construction of the Amokwe-Akanu Item Road has brought a significant transformation to the region. Before this project, the road was a challenging pathway, marred by potholes and often impassable during the rainy season. This condition severely affected the movement of people and goods, hindering economic activities and everyday commuting.

By upgrading this road, Deputy Speaker Kalu has ensured that residents can travel safely and efficiently. This improvement has not only facilitated easier access to other parts of the constituency but has also encouraged local businesses to thrive. Traders and farmers now find it easier to transport their goods, leading to a boost in the local economy.

AGBOAKOLI ANCIENT ROAD, ALAYI

The rehabilitation of the Agboakoli Ancient Road in Alayi is another testament to Deputy Speaker Kalu's commitment to infrastructural development. This road, which holds historical significance, was previously in a state of disrepair, making it difficult for residents and visitors to navigate.

Through careful planning and execution, the road has been transformed into a smooth and

reliable route. This project has reconnected communities, allowing for better social and economic interactions. The restored road also preserves the historical essence of Alayi, making it a point of pride for the residents.

BENDE MARKET ROAD, BENDE

The revitalization of the Bende Market Road has had a profound impact on the local economy. Markets are the lifeblood of many rural communities, and Bende is no exception. The market road was previously a bottleneck, with traders and customers facing significant difficulties in accessing the market, especially during peak seasons.

With the improved road, there is now a seamless flow of traffic, allowing traders to bring their goods to market more efficiently. This development has led to increased economic activities, higher sales, and a more vibrant market atmosphere. The ease of access has also attracted more traders and buyers from surrounding areas, further boosting the local economy.

This project has reconnected communities, allowing for better social and economic interactions.

NDIOKORIUKWU ROAD, BENDE

The development of the Ndiokoriukwu Road in Bende has greatly alleviated the transportation challenges faced by the residents. Previously, this road was a source of frustration for commuters, often becoming a muddy quagmire during the rainy season and a dusty track in the dry months.

The upgraded road now provides a reliable and durable route for residents, connecting them to essential services such as schools, hospitals, and markets. This improvement has enhanced the overall quality of life, making it easier for people to access what they need without undue stress.

BENDE HEADQUARTERS ROAD

The construction of the Bende Headquarters Road is a strategic infrastructural project aimed at enhancing administrative efficiency. The headquarters is the nerve center of governance in Bende, and easy access is crucial for effective public service delivery.

This road project ensures that the administrative hub is easily accessible to both officials and the public. By improving this key route, Deputy Speaker Kalu has facilitated smoother

operations within the headquarters, leading to better governance and quicker response times to the needs of the people.

CONSTRUCTION OF GARRI PROCESSING MILL IN UZUAKOLI AND NKPA

Agriculture is a cornerstone of the economy in Bende Federal Constituency, and Deputy Speaker Kalu has taken significant steps to support this sector. The construction of garri processing mills in Uzuakoli and Nkpa is a prime example of this support. Garri, a staple food made from cassava, is central to the diet and economy of the region.

These processing mills provide local farmers with the facilities to process their cassava more efficiently, thereby increasing their productivity and income. By reducing post-harvest losses and improving the quality of the final product, these mills contribute to food security and economic stability in the area. Additionally, the mills create jobs and promote local entrepreneurship.

Agriculture is a cornerstone of the economy in Bende Federal Constituency, and Deputy Speaker Kalu has taken significant steps to support this sector.

CONSTRUCTION OF 3 BLOCKS OF CLASSROOMS IN IGBOJI SECONDARY COMMERCIAL SCHOOL, ALAYI

Education remains a top priority for Deputy Speaker Kalu, and his initiatives in this sector are geared towards creating conducive learning environments. The construction of three new blocks of classrooms at Igboji Secondary Commercial School in Alayi addresses the issue of overcrowding and inadequate infrastructure.

These new classrooms provide a more comfortable and focused learning atmosphere for students, which is essential for academic success. The project also includes modern amenities and learning aids, ensuring that the students receive a quality education that prepares them for future challenges. This investment in education underscores the Deputy Speaker's commitment to nurturing the next generation of leaders and professionals.

MEDICAL EYE CARE OUTREACH

Understanding the importance of health, Deputy Speaker Kalu has treated over 4,000

of his constituents with various degrees of eye problems in the last year, to demonstrate his commitment towards assisting the underserved in the communities.

According to him, “This evening, we come together for a cause that transcends all differences- the gift of sight and showing support for eye care services to underserved communities in Nigeria. An estimated 24 million Nigerians grapple with sight loss, which demands our collective attention.

“As the Deputy Speaker, I am keenly aware of the challenges we face. The National Blindness and Visual Impairment Survey paints a stark picture, with 4.2 per cent of Nigerians over 40 classified as blind. This is why I championed the National Eye Centre Act (Amendment) Bill which has since passed its first reading. This bill aims to expand access to specialized eye care by establishing more centres across the country.

“But legislative efforts alone cannot solve this crisis. We need the commitment of champions like yourselves – individuals who understand the power of community.”

Agriculture is a cornerstone of the economy in Bende Federal Constituency, and Deputy Speaker Kalu has taken significant steps to support this sector.

He added, “It is pertinent to note that since last year, the Benjamin Kalu Foundation has treated about 4,000 constituents with eyesight problems, demonstrating the incredible impact that dedicated efforts can have on our communities. This remarkable achievement underscores the power of collective action and the difference we can make when we come together.”

The initiative addresses a critical healthcare need, providing essential eye care services to underserved populations in Bende Federal Constituency.

Many residents in rural areas suffer from preventable and treatable eye conditions due to lack of access to medical care. The outreach program offers screenings, treatments, and surgeries, significantly improving the quality of life for those affected. By restoring vision and preventing blindness, this initiative enables individuals to lead more productive and independent lives.

AGRICULTURAL TRAINING

Empowering local farmers with knowledge and skills is crucial for sustainable agricultural development. Deputy Speaker Kalu has introduced agricultural training programs that cover modern farming methods, sustainable practices, and efficient resource management.

These trainings equip farmers with the latest techniques and technologies, enabling them to increase their yields and reduce environmental impact. The knowledge gained from these programs helps farmers to be more resilient in the face of challenges such as climate change and market fluctuations. This initiative not only boosts agricultural productivity but also contributes to the overall economic development of the constituency.

EMPOWERMENT FOR WIDOWS, PENSIONERS, AND UNDERSERVED CITIZENS

Deputy Speaker Kalu's commitment to social welfare is further demonstrated through empowerment programs for widows, pensioners, and underserved citizens. These initiatives provide financial assistance, vocational training, and support services, helping these vulnerable groups achieve economic independence and improved living standards.

FEDERAL UNIVERSITY OF MEDICAL AND HEALTH SCIENCES

This groundbreaking bill, which successfully passed its second reading on November 14, 2023, represents a significant leap forward for both the educational and health-care sectors in Bende. The proposed university will provide comprehensive training in medical and health sciences, equipping students with the skills and knowledge necessary to excel in these critical fields. By offering advanced academic and professional programs, the institution should become a beacon of excellence in medical education.

The Federal University of Medical and Health Sciences will not only focus on teaching but also on the dissemination of research findings that can benefit the broader Nigerian community. This dual emphasis on education and research underscores the university's potential to contribute significantly to the nation's healthcare landscape. It will serve as a hub for innovative medical research, providing solutions to some of the most pressing health challenges facing Nigeria today.

Rep. Kalu expressed his delight at the success of this bill, emphasizing the crucial role of education in society. “The importance of education in society cannot be over-emphasized,” he stated. “It is essential for a happy and stable life, for better income and livelihood, and for social equality. Education makes a person self-dependent, turns dreams into reality, and makes the world a better and safer place. No amount spent on education is a waste.”

He further added that Bende, considering its size as the largest Local Government Area in the South-East geo-political zone, deserves to have the presence of a tertiary institution to serve the educational needs of its teeming youthful population. As a result, about 13 roads were built, about 4 bridges were built. There was a fire burning within me. I needed to make impact immediately.
